

ACTVET recognizes its responsibilities in shaping the values of future generations and aims to ensure the sustainability of Technical and Vocational Education and Training by creating a strong workplace culture of Occupational Safety and Health.

ACTVET's commitment to accomplish and maintain a successful Occupational Safety and Health Management System (OSHMS) is achieved through the following actions:

- 🏠 Managing Occupational, Safety & Health impacts, hazards, and risks arising from our work activities reducing impact as reasonably practical and preventing injuries;
- 🏠 Providing adequate resources, both human and financial, for effective implementation of ACTVET OSHMS;
- 🏠 Delivering a high level of OSHMS Communication at all levels within ACTVET operations and activities;
- 🏠 Providing adequate OSHMS Awareness and Training to all employees to successfully implement ACTVET OSHMS;
- 🏠 Maintaining a safe and healthy work environment for all employees and visitors;
- 🏠 Ensure compliance with all OSHMS performance and reporting requirements of the Abu Dhabi Occupational Safety & Health Center (OSHAD);
- 🏠 Ensure continuous monitoring and periodic reviews to continuously improve the ACTVET OSHMS performance.

Dr. Mubarak Saeed Al Shamsi
Director General
Abu Dhabi Centre for Technical and Vocational
Education and Training (ACTVET)
